

When learning from home I...	 <b>Beyond</b>	 <b>Got it</b>	 <b>Almost</b>	
<b>Routine</b>	<ul style="list-style-type: none"> <li>follow my usual morning and bedtime routines. Using the Ax@home Learning Planners helps me complete my work and study a range of subjects during the school day.</li> </ul>	<ul style="list-style-type: none"> <li>continue to get up and go to bed at similar times on school days. I have morning and lunchtime breaks to stay fuelled and hydrated.</li> </ul>	<ul style="list-style-type: none"> <li>follow a more relaxed routine on school days. I get up and go to bed a bit later, but still manage to get most of my work done.</li> </ul>	<b>R e a c h i n g</b>
<b>Workspace</b>	<ul style="list-style-type: none"> <li>have a clutter free workspace. I keep my work organised so that I can find what I need when I need it. I keep distractions out of sight during the school day and only listen to music when completing creative tasks.</li> </ul>	<ul style="list-style-type: none"> <li>keep my workspace tidy and distraction free. My books and other resources are easy to find and I only use devices for leisure activities during breaks and after the school day.</li> </ul>	<ul style="list-style-type: none"> <li>my work is piling up, but I can find what I need. Devices are nearby and I sometimes give in to temptation and use them for texting/social media/games during learning time.</li> </ul>	
<b>Learning pit</b>	<ul style="list-style-type: none"> <li>often get stuck with my work. I realise this is part of the learning process and use a range of strategies to get out of the 'learning pit'. I gain confidence each time I succeed and this gives me motivation to take on my next challenge.</li> </ul>	<ul style="list-style-type: none"> <li>think hard and stay focused when I get stuck. If I stay stuck I try to find the answer and eventually seek help if I continue to struggle.</li> </ul>	<ul style="list-style-type: none"> <li>get demotivated when I don't understand something. I try to work it out then eventually ask for help. I allow myself to get distracted when in the 'learning pit'.</li> </ul>	
<b>Attitude to learning</b>	<ul style="list-style-type: none"> <li>think about a task as soon possible. This gives me time to plan, research and think hard as I understand that going beyond expectations takes time and effort.</li> </ul>	<ul style="list-style-type: none"> <li>work through my 'To do' list. I keep to deadlines and do my best. I ask for feedback to see how my work can be improved.</li> </ul>	<ul style="list-style-type: none"> <li>get my work done, but spend more time on my favourite subjects and easier tasks. I work by myself and often see feedback as criticism.</li> </ul>	
<b>Life skills</b>	<ul style="list-style-type: none"> <li>balance my school work with learning new skills and helping out at home. I set myself personal goals and seek out ways to challenge myself and help others.</li> </ul>	<ul style="list-style-type: none"> <li>think of others and contribute at home. I enjoy learning new skills and have been able to continue a hobby or have started a new one.</li> </ul>	<ul style="list-style-type: none"> <li>help out when I'm told and don't complain about it. When not doing my school work I spend most of my time on devices.</li> </ul>	
<b>Engagement</b>	<ul style="list-style-type: none"> <li>have been given lots of 'B' engagement grades. This makes me feel great because I know I have done my best and this motivates me to work hard and keep learning.</li> </ul>	<ul style="list-style-type: none"> <li>have been given mostly 'G' engagement grades. This makes me feel good and I have set myself a target to go 'Beyond' next time.</li> </ul>	<ul style="list-style-type: none"> <li>have been given mostly 'A' engagement grades. It could be worse, but it could be much better. I'm aiming for more 'G' grades next time.</li> </ul>
