School Roll-Out
WELCOME PACK

Welcome...

Dear School,

Firstly, thank you for your support of the School Games Active Championships so far, it's been great to see thousands of students already signing up and keeping active via the TopYa! Active App.

As we move into Phase Two, the momentum is growing and we're really looking forward to enabling your students to engage with your own in-app school leaderboard, whilst at the same time contributing points to your school total and helping you climb the Regional and National Leaderboards.

Over the past few weeks we've been busy working behind the scenes to build out your own unique school leaderboard and SGO Regional TV Widget and I'm pleased to say these steps are now all completed and we're ready for you to roll-out across your school.

Invite Code...

Alongside this Welcome Pack your Regional School Games Organiser should have provided you with a document which includes your unique school invite code. When downloading the TopYa! Active App your students and teachers should enter this code to ensure that they can earn points in your own School Leaderboard and compile points to be included in regional and national leaderboards.

How do my Students sign up?

Download the App

Register as a Player
or Parent

Use Invite Code provided
by your School

If you see Code 23880 anywhere, this is the National Invite Code for students that aren't part of a school that has signed up to run their own in-school leaderboard and compete against other schools across the country.

If you haven't been provided an invite code from your school, please use invite code 23880 which will enable you to access our National Competition, you can add your school code at a later stage once you're in the App

Available FREE from Apple and
Google Play Stores

You and your teachers register in
exactly the same way

You will see on our National Landing Page that there is a TopYa! TV Widget... this is a live stream off all videos being uploaded by students (and some teachers!) across the country.

These TV Widgets are simply added to websites using a small line of code. Your SGO has provided you with a TV Widget for your SGO Region, feel free to add this to your website.

If you'd like your own school-specific TV Widget please email us at SGAC@topya.com and we will build one for you and send it across to you within 3-days.

All TV Widgets include a live leaderboard which is also available in the App for all users.

Support Assets...

Promotional Posters/Flyers which can either be printed and put up in the school or emailed out to parents are available to download from [here](#)

Social Media assets (some simple images and example posts that can be posted by you and your teachers) are available from [here](#) and will be updated from time to time so please keep checking back

Access to the weekly **SGAC Compilation videos** to share and promote on social media are also available via our [Vimeo link](#). Every week we compile some of the top videos uploaded from across the country, hopefully you'll see some of your students over the coming weeks!

Safety...

The TopYa! Active app is committed to online safety and meets rigorous COPPA and GDPR safeguarding standards. No one can communicate within the app. All children can do to communicate with one another is give each other a virtual 'high-five', which functions like a social media 'like'.

Video content has been approved by The Youth Sports Trust and is suitable for young people of all ages and abilities, with regular submissions from National Governing Bodies of Sport.
