Thursday 3<sup>rd</sup> February 2022

Dear Parents and Students,

Our 2022 Y11 Leavers Prom will be an evening exclusively for students of The Axholme Academy, to celebrate their achievements and memories at school. It is our intention to have a Prom for our students to recognise their time at Axholme. This will remain under review if there are changes to Covid guidance.

I would like to take this opportunity to remind both parents and students that attendance at the Leavers Prom is not an entitlement but a reward for being a positive member of the Academy community. Only students who have shown respect for staff, fellow students and our Academy expectations will be eligible to attend. Behaviour outside our expected standards will jeopardise a student's participation in the event. Full details and conditions for attending the prom will be fully outlined during the Y11 Prom Assembly.

**Y11 students must focus on ensuring their attendance levels are high in order to maximise their achievements, therefore, students must meet the following criteria from Monday 7th February to their final day at the Academy in order to attend the Prom:**

- **Over 90% attendance**
- **No unauthorised absence**

**Confirmed cases of Covid-19 and absence whilst awaiting PCR results will not factor into this measure**

Our Year 11 students have been exceptional overall over the past year. They have shown commitment to their studies, taken on wider opportunities as student leaders and been positive role models for younger students. This needs to be maintained throughout the remainder of the year so that after such a challenging period students can complete their Axholme journey in the best way possible.

Yours sincerely,

**Mr D Keogh**  
**Principal**
